

Pool safety for summer :

A new wave in pool pumps

The Mobile Pool Doctor was established in 1990 and offers a full range of pool equipment, chemicals and accessories.

It also specialises in:

- Weekly, fortnightly and monthly services
- Pump and chlorinator repairs
- Sand changes
- Pool cleaners
- Solar heating and covers

With over 30 years' joint experience, there is nothing Andrew and Rob can't handle. The Mobile Pool Doctor is guaranteed to beat any price. One of its latest products is the Future Wave (pictured). With five years of trials and engineering reports, the Future Wave has proven in the majority of cases to save approximately 70 per cent to 80 per cent of the running cost for your pool pump.

Other benefits include: silent pump; improved pool filtration and cleaning.

The Future Wave can be used on over 90 per cent of existing pools, spas and water feature pumps. Take advantage of the free installation offer. If ordered before December 15, 2010 The Pool Doctor will do a free chemical check on your pool water and a five-point safety check on your pool fence.

Phone: Andrew 0418 128 006 or Rob 0421 460 226.

Water-smart pool promotes wellbeing

Having a pool increases the value of your home and enhances your lifestyle however with the cost of water rising, purchasing a pool could be an expensive venture.

Pool Fab's Magna Eco Pool is the ideal solution: a self sufficient swimming pool recognised by the Queensland Water Commission.

Not only can it save you money, it can help you save up to 20,000 litres of water every year.

Your excess pool and rain water will

be stored in a separate underground tank and can be used to water the garden, wash your car or dog and refill your pool.

Magna Pools' scientific blend of health regenerative minerals is balanced with magnesium and potassium. These minerals have been used transdermally (through the skin) for centuries to support detoxification, reduce stress and anxiety, help alleviate aches and pains and assist in healthy sleep cycles.
